

Grids and Auxiliary Lines

Icon Grid

To maintain consistency in the icon system, we've designed three grid sizes:

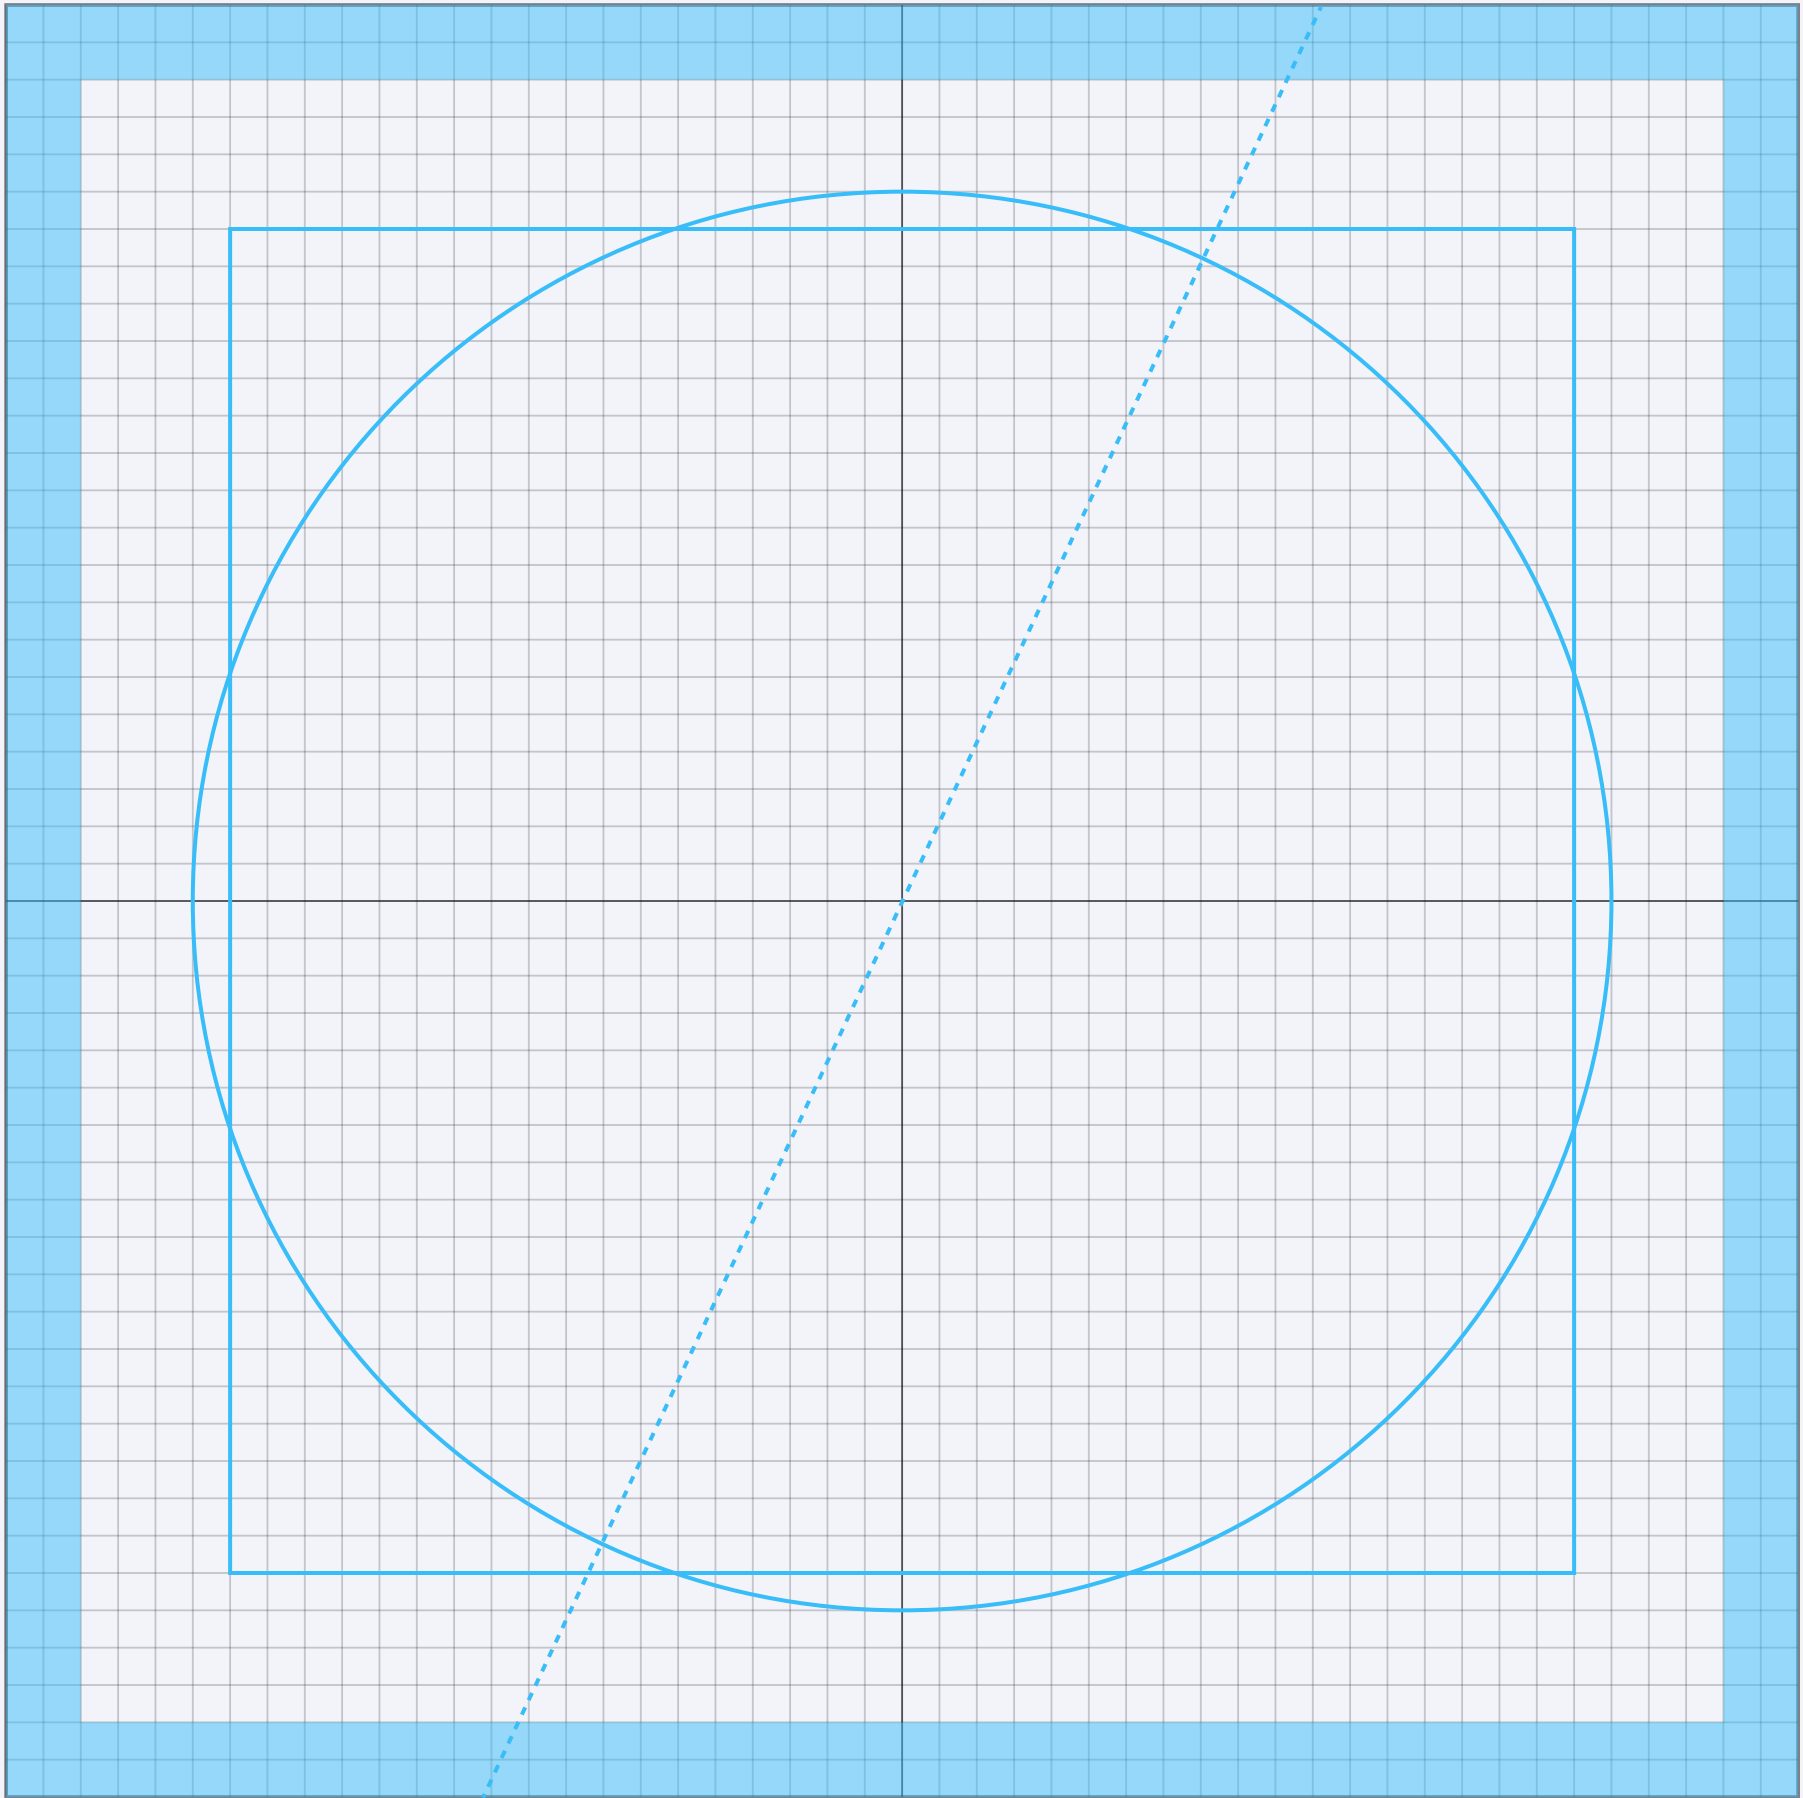

- Standard: 48 dp
- Small: 24 dp
- Large: 96 dp

Guidelines and Safe Areas

To support icon development and ensure visual consistency, guideline lines and safe zones are defined. Do not place any icon elements within the designated safe areas.

Safe Area Dimensions:

- Standard: 2 dp
- Small: 1 dp
- Large: 4 dp
