

# Specialized Social Media Cover Designs

When creating specialized social media covers, it's important to account for each platform's unique cropping rules, aspect ratios and content display limitations. YouTube and Instagram are examples of platforms that require tailored cover formats.

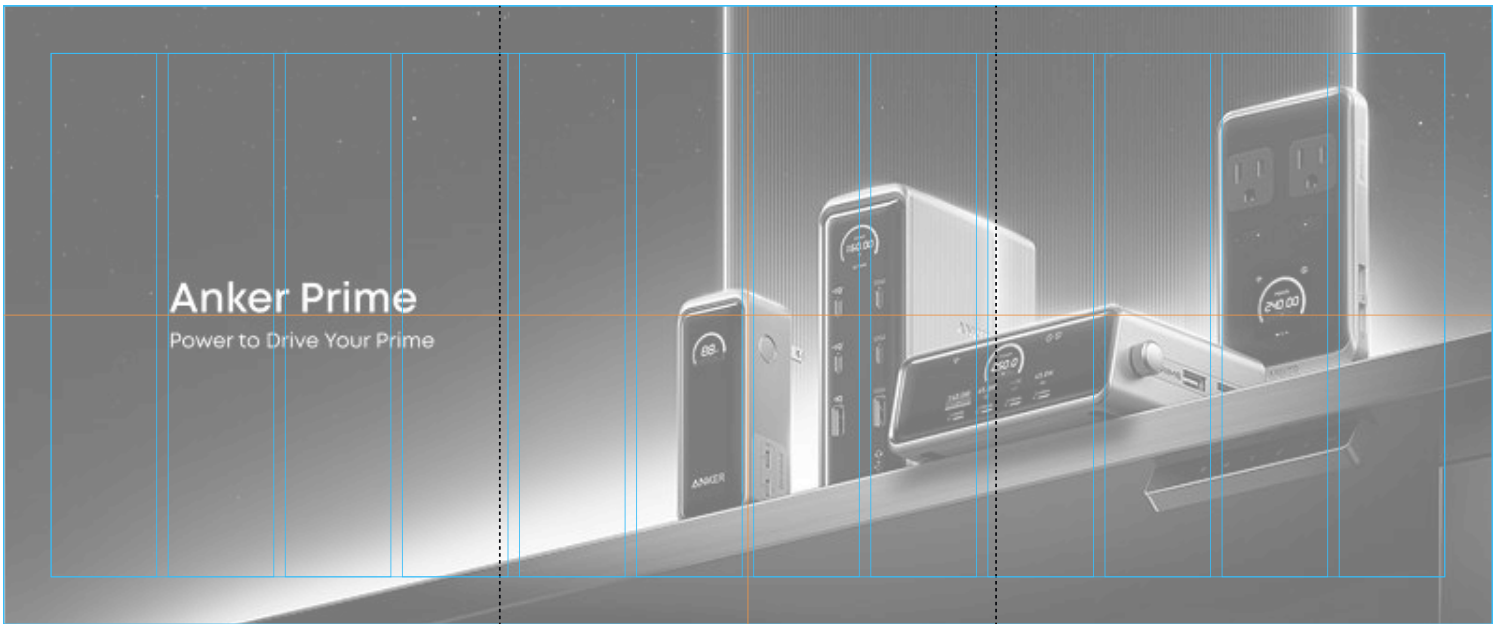

## YouTube

- Cover size: 2560px × 1440 px
- Maximum visible area (desktop/mobile): 2560 × 423 px
- Safe content area: Centered 1546 × 423 px

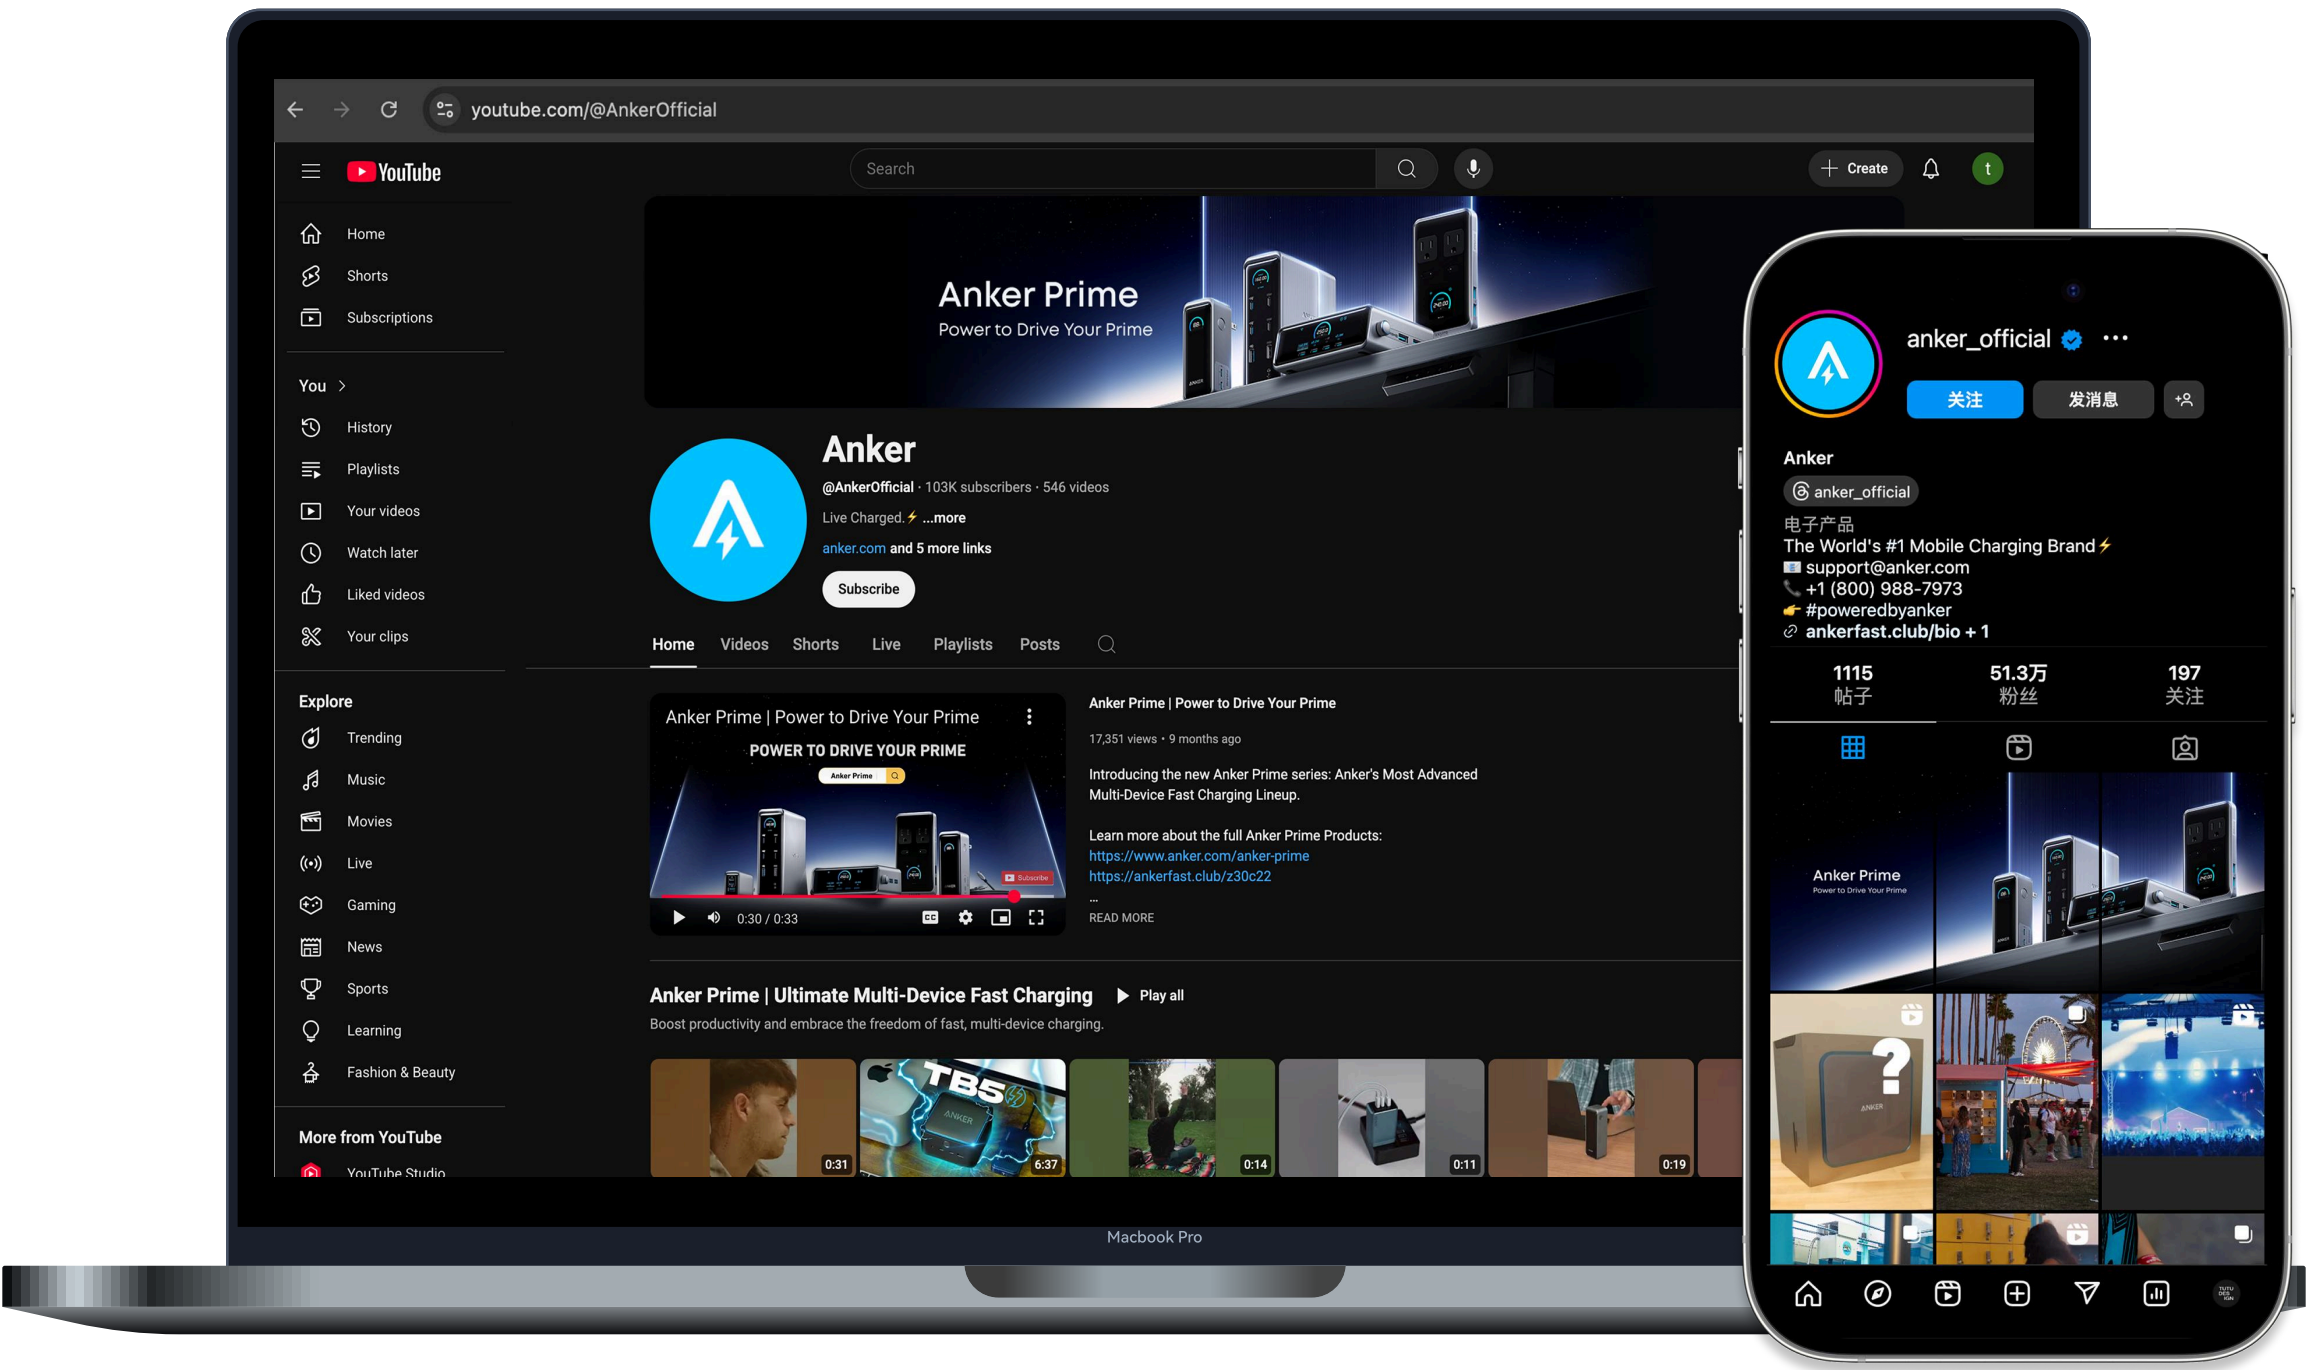

## Instagram

- Cover size: 3240 × 1346 px
- Composed of three pinned images (1080 × 1346 px each)
- Text guidelines:
  - Avoid cropping
  - Leave adequate margins
