# Light and Dark Color Application

White is the default font color. Use black only when white is not clearly visible.

- For light-colored images, use Black for all text.
- Font color options are limited strictly to white and black.

ANKER
Innovations

Join us for a special ANKER day.

April 23, 2025
New York

ANKER is building the technology to make consumer
adoption of level 4 self-driving cars a reality
We welcome all engineers and problem solvers
who are passionate about building an
autonomous future.
